Who We Are?

Founded in 2004, YIS is dedicated to nurturing the whole child, fostering curious lifelong learners and global citizens. We enroll children from ages 3 to 18. Our graduates go on to study at top-ranked universities around the world including the United States, Canada, the United Kingdom, Australia, Singapore, Switzerland, Korea, and Japan.

Why Choose YIS?

- Strong legacy of more than 20 years
- Certified educators who are experts in their fields
- International community that celebrates local culture
- Core curriculum with an inclusive IB Diploma Programme
- Supportive local support staff

Total Number 229 of students

- 116 Total number of staff at YIS

- Australia
- Canada
- China
- India
- Indonesia
- Nepal
- Norway
- Phillipines
- Russia
- South Africa
- Spain
- United Kingdom
- United States

OUR PROGRAMS

EARLY CHILDHOOD

For children ages 3 to 5, we offer a nurturing, play-based environment designed to spark curiosity and growth. Our passionate educators focus on developing early literacy and numeracy skills, setting the stage for lifelong academic success. We emphasize the importance of community, teaching collaboration and inclusivity from an early age. Enriching experiences in art, music, physical education, STEAM, and Myanmar studies provide a well-rounded, holistic early childhood education.

ELEMENTARY

From Kindergarten to Grade 5, we offer a dynamic learning environment focused on developing strong English language and essential math skills with an emphasis on experiential learning. Our comprehensive curriculum includes music, PE, Art, Myanmar studies, and an innovative Makerspace program. Beyond academics, we nurture social-emotional growth, preparing students to become confident, independent learners who are well prepared for the next stage of their educational journey.

SECONDARY

In secondary school, academic rigor meets student autonomy. Our curriculum shapes students to become well-rounded, independent thinkers prepared to make a meaningful impact on the world. Through inquiry-based learning and problem-solving, students excel academically while taking ownership of their education. They actively participate in student governance, explore global perspectives, and challenge themselves with college-level courses. We proudly offer an inclusive **International Baccalaureate (IB) Diploma Programme** for Grades 11 and 12, ensuring that all students have access to a globally recognized, high-quality education that fosters critical thinking, intercultural understanding, and personal growth.
